

Retreats for Men at Shellbourne, 2020 COVID-19 Precautions

In order to reduce the risk of COVID-19 contagion during my retreat at Shellbourne, I agree to the following, as of the date on which my retreat begins:

1. I have not tested positive for COVID-19 or had symptoms of COVID-19 during the two weeks prior to the beginning of my retreat.
2. I have not been in contact with anyone who has tested positive or had COVID-19 symptoms during the two weeks prior to the beginning of my retreat.
3. If I become sick during the retreat, I will tell the director and go home.
4. During the course of the retreat I will maintain social distancing with others, as best I can.
5. I will bring one or more face masks with me to the retreat and use a face mask in all situations in which I am asked to do so by the director or in any other situation in which social distancing is difficult to maintain.
6. In particular, I realize that I will need to wear a face mask during all scheduled activities in the oratory and living room, and when entering and leaving the dining room.
7. I will wash my hands frequently with soap and water or hand sanitizer.
